STAFF WELL-BEING

Staff Well-Being Committee (SWC) members are custodians of the school's professional culture.

To maintain that culture, SWC members:

- a. Facilitate on-going and open communication between staff members
- b. Promote bonding and camaraderie of staff members
- c. Cultivate a climate of readiness and openness towards learning and the facing of new challenges in the profession, and
- d. Encourage the adoption of a healthy lifestyle by staff members

Activities organised by the SWC include the Lunar New Year Lunch, Family Day and the Staff Dinner for all staff. THE RGS CHAPTER

The RGS Chapter has been a supporter of RGS and has assisted the school in many ways: close collaboration in school activities, organising of workshops and social events to promote alumni networking to encourage Rafflesians to cherish their unique identity as a member of the RGS community.

As the 19th management committee was not formed at the AGM on 21 March 2016, the RGS Chapter will thus remain inactive for the time being.

The School would like to thank all members of the 18th Management Committee, led by President Jean Ong and Vice-President Lo Wei Min, who have worked tirelessly to promote and foster friendly relationship amongst former students of Raffles Institution and Raffles Girls' School through the years:

OUTSTANDING ACHIEVEMENT AWARD**Lai Xuan Yi, Jodie (305)****Sailing*****Outstanding Achievement Award with Distinction (Sports)***

A committed, determined and passionate athlete, Jodie has established herself as Singapore's top Optimist sailor and continued her fine form at international regattas.

Jodie was selected to represent Singapore at the International Optimist Dinghy Association (IODA) World Championship held in Dziwnow, Poland in August 2015. The event, which saw 275 competitors from 58 countries, the largest number of participants to date for an IODA World Championship – witnessed extremely intense racing over nine days. In the fleet racing event, Jodie was placed second overall in the Open category and won the girls' category by a huge 47-point margin, to be well-deservedly crowned the Optimist Girls World Champion. The team also won the coveted Team Racing title after an intense battle on water. Singapore rounded off a stellar outing by winning the Nations Cup, awarded to the best-performing nation at the regatta.

At the Optimist Asian & Oceania Championships 2015 at Doha, Qatar, Jodie continued her excellent performance by clinching the Girls title and coming in fourth Overall. In the 2016 edition held in May at Trincomalee, Sri Lanka, she finished fourth Overall and retained her Girls title again.

Shortly after returning from Trincomalee, Jodie was soon off to Vilamoura, Portugal to race in her final IODA World Championship in June 2016. The team fought hard in the tough and tricky conditions, which saw big wind shifts and several changes in overall standings. Jodie eventually placed 32nd overall and came in third in the girls' category. Team Singapore also emerged third in the Nations Cup.

In recognition of her outstanding performance at the international regattas, Jodie was selected as a finalist for Sportsgirl of the Year at the 2016 Singapore Sports Awards, and was part of the team that won the Sportsboy/Sportsgirl Team of the Year (Event). Organised by the Singapore National Olympic Council (SNC) and Sport Singapore (SportSG), and supported by Tote Board family, the 2016 Singapore Sports Awards honour the most deserving individuals and teams in sports for the year 2015.

Jodie was also awarded the Peter Lim Scholarship in the High Performance U18 Category in May.

Training six times a week on four apparatuses, her skill development and strength grew at a commendable pace. At the age of 13, Sze En was conferred the SSSC Best Girl award for Gymnastics. Despite her talent and prowess, she was deemed too young to compete at the 2014 Commonwealth Games in Glasgow and in 2015, again, a year too young to compete at the SEA Games.

In the 2016 Pacific Rim Championships in Washington (April 8-10), Sze En helped the Singapore team achieved overall 7th place out of 10 countries that competed. She was ranked 11th among the senior/adults for the Individual All Around title. She went on to compete at the 2016 World Challenge Cup in Portugal (23-26 June), where she held her own amongst professional gymnasts from Europe and Asia. Sze En attained a commendable 17th place on the Vault, 22nd place on the Uneven Bars and 24th place on the Balance Beam. Her foray into the international scene provided her the opportunity to observe first-hand how Olympians as well as up-and-coming Olympians train and compete together.

In the local scene, Sze En competed with gymnasts from the region at the 2016 Singapore Open (International round, 5-6 June) where she achieved 1st Individual All Around, 1st in Floor Exercise, and 2nd in Balance Beam, Uneven Bars and Vault.

RAFFLESIAN AWARD

Fatima Siddiqui
402 (2015)

This year's recipient of the Rafflesian Award is Miss Fatima Siddiqui from the Class of 2015. The Rafflesian Award is the highest honour the school bestows on an RGS student in recognition of her all-round excellence, invaluable contributions and service to the school.

Fatima Siddiqui was a distinguished pupil of Raffles Girls' School from 2012 to 2015. An intelligent student, outstanding leader and exemplary young lady, Fatima demonstrated her potential to excel the moment she set foot in Year 1 at RGS. She displayed a maturity beyond her age in both thought and deed.

As a student, she excelled in the Raffles Programme, because of her exemplary work ethics and attitude towards learning. A self-directed learner and highly motivated, Fatima inspires confidence because she is disciplined, systematic and purpose-driven. A passionate learner who enjoys intellectual challenges and academic rigour, Fatima is especially interested in Mathematics and the Sciences, particularly Biology, and invests her time and effort in pursuit of her passion. A top student in various academic subjects, Fatima has consistently done well every year. She participated in a wide range of enrichment and mentorship programmes, competitions and forums, namely, the Biomedical and Mathematical Olympiads, F1 in Schools programme, Singapore Science and Engineering Fair just to name a few. She recognises the value of challenging herself in a field of the best, like-minded individuals in her interest areas.

Her abilities and interests are not limited to the Sciences. Fatima was also a scholar in the Regional Studies Programme (taking Malay as a 3rd language) and read Area Studies (Southeast Asia) at Years 3 and 4. She also participated in the Australasian Philosothon in Year 2, a competition that has students explore and debate philosophical and ethical issues, and her team emerged Champions in 2013.

Her desire to learn and develop herself extends beyond academic pursuits because she strongly believes that there is a greater purpose to learning beyond grades or competitions. She has found 'greater purpose' in serving others in the community. As Vice-Head Prefect, Fatima has been exemplary in duty and service. A firm believer in leading by example, Fatima was also active in her class committee in Years 1 and 2 and was a CLE representative. She viewed every role as equally important to the cohesiveness and effectiveness of the group, class or school community. Equally adept at taking the lead or being a part of a team, her adaptability and strong sense of mission enable her to thrive in meeting organisational

needs. Ever ready to offer her assistance to anyone in need, Fatima is well-liked by her peers and they rely on her both as a friend as well as a leader.

Fatima balances her love for Mathematics and the Sciences with her passion for the performing arts and photography. She is an active member of the Angklung Ensemble. Choosing to be a part of a musical group was a way to demonstrate her belief that everyone has a part to play in nurturing a society in harmony, much like every note that is played in a piece of music. In giving back to society, Fatima has volunteered in various activities, especially with her Co-Curricular Activity, which allows her and her ensemble to bring joy to people, especially children in various homes. She finds giving back to society in however small ways the most enriching moments in her life. Her ability to empathise with children from challenging backgrounds is what enables her to do so much good for those we often fail to notice in society.

In her spare time, she enjoys photography because she marvels at the magic of capturing beauty, emotions and a story in a single snapshot. She sees photography as a form of creative expression that shares the story and emotions of not just the photographer, but the subjects as well – creating a very human connection despite the distance between them. It is through her keen observation skills that she is able to empathise with those she photographs and interacts with, bridging any social ‘gaps’ with humility and respect, and develop in her a sincere appreciation for diversity.

When asked what inspires her in life, she describes in her own words the move her family made when they migrated from Pakistan to Singapore as the inspiration: *“When I was still crawling along at the tender age of one, my parents packed our bags, dried their tears and shifted us from Pakistan to Singapore. It was only much later... that I finally began to realise how profound an impact this shift had had, was having and would have on my life.”*

We like to think that we see as far as we do because we stand on our own two feet, but our vision is only so great because we stand on the shoulders of giants. Bolstered by the good people who taught me, those who cared for me when I stumbled and friends who lent a hand when my own feet gave way, I found myself in a nurturing environment. I marvelled as all of us learnt how to walk the tight rope between integration and acceptance. The effort put into maintaining this balance allowed me to retain a unique sense of individuality while acquiring an identity that was also uniquely Singaporean.

I suppose that is, after all, Singapore’s secret — her charming plan to empower, and nurture individuals who can, and will then build on what they have been given, in Singapore, for Singapore.”

The Rafflesian Award bears testimony to Fatima's all-round excellence in all aspects of school life. Fatima has a strong sense of purpose, motivation to use all her gifts and talents to serve others and an unwavering desire to live and leave a legacy of good. Besides being an intelligent, ethical thinker, Fatima is a sincere, compassionate leader and epitomises the all-rounded young woman that the school aspires to make of every RGS girl.

Welcomes
You ...

And eternity in an hour.'
